# Over 55 Georgia Jurisdictions

Aumentum Technologies supports the mission of Georgia assessment and tax offices by keeping you at the center of our VCS software development. VCSTax Web includes customers in 55 Georgia jurisdictions where our software successfully produces tax bills for over 1 million parcels annually throughout the state.

## Premium Solution at an Affordable Price

Modernize your office while increasing efficiencies for your staff. VCSTax Web is a comprehensive solution for tax collection officials in the State of Georgia. Our enhanced web-based solution includes many new modules and features, while keeping the same easy-to-use interface that our users depend on.

**Digest Wizards** that assist with DOR Submission for all Assessor Vendor packages.

**Seamless Digest File Integrations** for Tax Assessor clients for WinGAP, Bi-Tek (COTT) and CLT (Tyler) Assessor Clients.

**ODBC Capabilities** that provides ad hoc reporting at your leisure.

**Real Time Web Payment Compatibility** with your Web Electronic Bill Payment providers.

**Continual Enhancements** to provide the best user experience possible.

## A Hosted Solution Built for Your County

“Easy Buttons”

The screenshot shows a software interface titled "Delinquent Processing". At the top, there are five buttons: "Apply Late Fees", "Late Notices", "Fifa", "Levy", and "Levy Batch Manager". Below these is a "Batch List" section with three columns: "Late Notices", "Fifa", and "Levy". Each column contains several rows of data with small text indicating batch numbers and dates. At the bottom, there is a table with columns: "HS Code", "Original Due", "Paid Amount", "Current Due", and "Current Due Date". The table contains several rows of data. A dropdown menu is open over the "Current Due" column, showing options like "Is equal to" and "And".
