Aumentum VCSTax Web

Latest generation tax system optimized for user experience

GEORGIA TAX
EXPERIENCE

Aumentum VCSTax Web was developed by Georgia-based staff to meet the needs of Georgia tax officials. Our turnkey solution includes all the functionality to maximize your success. VCSTax Web provides the capabilities to maintain, bill, collect, distribute, and track properties and associated taxes of Real Estate, Personal Property, Mobile Home, Heavy Equipment, and other Specialized Taxes.

VCSTax Web Highlights

VCSTax Web is a tax billing, collection and delinquent processing software solution that will fit your jurisdiction's needs. Its robust functionality gives you crucial focus on the primary needs of your collection capabilities and multiple methods of collection within main payment processing approaches, while also providing much sought-after quick payment entry for mail and mortgage transaction capabilities.

Leading in Technology

The VCSTax Web application runs on standard hardware and operating systems. The software is an open system which allows users to access and extract data from the database through an ODBC connection such as Microsoft Word, Excel, Access, and others.

Integrated Collection

VCSTax Web contains only one collection view for all property types to include inner office created property types such as garbage billing, paving fees, and more. This feature creates a more efficient working environment for your organization.

Complete Package

VCSTax Web is a total accounting solution with an integrated Cash Basis Ledger, designed to work optimally for your office.
Assessor files are successfully consumed, and the data is messaged into a seamless

Data Management

VCSTax Web achieves customization through annual and system configuration of property data, giving users control over data characteristics.

Workflow Tools

Powerful tools manage flow of work between users and departments. Our step-by-step wizards simplify the approach to detailed tasks. These tools support you as you collaborate with others, manage workloads, create, and share reports, and evaluate progress.

Large Check Processing

Mortgage files are seamlessly exported for processor submission with one-step payment file processing.

Custom Reports
